Comment for planning application wscc/045/20	
Application number	WSCC/045/20
Name	Piers clifford
Address	ROUND HOUSE, SPODE LANE, SPODE LANE, EDENBRIDGE, TN8 7HG
Type of Comment	Objection
Comments	It is absurd to be even considering this application as the climate and ecological emergency worsens. Following the rejection and level of public objection and resistance that will be mounted against this operation and as more people become aware of our dire situation the council will be faced with huge bills and a loss of trust from the population. We will fight this proposal through the courts and beyond. Please direct all your resources into tackling the climate and ecological emergency and planning fir the extreme weathers coming our way floods, fires, crop failures and more and more refugees. The warnings are clear - be on the right side of history.
