

# Comment for planning application WSCC/045/20

Application number

WSCC/045/20

Name

Kelly Dibbert

Address

DITCHLING ROAD, 112, DITCHLING ROAD, BRIGHTON, BN1 4SG

Type of Comment

Objection

Comments

There are so many alternatives to fossil fuels for energy on the market. Drilling for oil when we know 1000s of scientists have warned about catastrophic climate change due to man-made CO2 emissions. You are putting in 100s of car/van charging points in West Sussex proving you are a forward thinking council, so please don't allow this. The chemicals used in this process are toxic.
