Comments	Hello, I'm sure this is just one if many thousands of rejections for something which I feel is a complete waste of money. I am objecting this planing application based on the following; firstly no one knows the environmental impact this may have on the local area, how will it affect the local wildlife? The forests? The watercourses of Balcombe? Secondly, the increased amount of traffic on an already busy road, can Balcombe really cope with anymore passing through cars? This also has links to the residents health. Thirdly, with Covid returning for a second wave, do we really want anyone outside the local area visiting Balcombe unless absolutely necessary? Thank you very much for taking the time to read my objection, I hope you might the obvious decision.
