Comment for planning application WSCC/045/20	
Application number	WSCC/045/20
Name	Pat Smith
Address	21 Downs View Pixham
Type of Comment	Objection
Comments	I wish to object on the following grounds: i) The Council has declared a climate emergency, as has the govt. Developing new oil-sites is incompatible with this. ii) the proposal is for development in an Area of Outstanding Natural Beauty. iii) does the oil company have sufficient resources to restore the site to its original condition? Thank you.
