Comment for planning application WSCC/045/20

Application number Name	WSCC/045/20 Roberta Taylor
Address	38 St Peters Road, Burgess Hill, West Sussex RH15 8JL
Type of Comment	Objection
Comments	I object to this application for the following reasons: 1. The application actions are unsuitable for a designated area of outstanding natural beauty and which is therefore protected by law: 2. There is a high risk of pollution to the nearby reservoir; 3. An increased risk of groundwater contamination; 4. There is a high risk of impacts to the local populations; the flaring can impact air quality and health; and 5. Increased numbers of HGVs will travel past the school, putting the health of schoolchildren at risk. Our local Council has a legal duty to protect and reduce risks by rejecting industrial applications which are dangerous to human health and our local environment.
