Comment for planning application WSCC/045/20

WSCC/045/20
PITCH CORNER, MANOR LANE, MANOR LANE, HORSHAM, RH13 6PL
Objection
I just cannot understand why we are supporting companies that are intent on continuing in business as usual with regard to oil drilling. The way forward is with sustainable energy, not taking more out of our dear precious planet. Our money would be much better used encouraging consumers to transfer to solar or wind. Please refuse this application.
