## Comment for planning application WSCC/045/20

Application number	WSCC/045/20
Name	David Miners
Address	FAIRHOLME, STOCKCROFT ROAD, STOCKCROFT ROAD, HAYWARDS HEATH, RH17 6LN
Type of Comment	Objection
Comments	This should not be allowed in an ANOB because the site is situated in close proximity to the village of Balcombe, causing the strong possibility of air and water pollution, together with added traffic congestion, especially near the primary school and village residents. The HGVs carrying dangerous chemicals would be passing the school and church, which ccould bring about an additional health hazard should there be an accident.
