Address	GOLDSMITH ROAD, 55, GOLDSMITH ROAD, WORTHING, BN14 8ES
Type of Comment	Objection
Comments	We need to invest in renewable energy not eek out each and every last bit of fossil fuel. Fossil Fuels need, for the sake of the planet, it's atmosphere and global warming, to stay in the ground! Further objects due to the polluting of the environment, and potentially destabilising the geology of the local, and possibly regional, area.
