Type of Comment	Objection
Comments	* We are facing mass extinctions due to climate change - drilling for oil will exacerbate an already terrifying situation. It should stay in the ground. *We need to invest in renewable energy, not more oil and fossil fuels. * Balcombe is an AONB - therefore the site is not appropriate. * Increased HGV traffic would be dangerous and polluting for the area. * It would not be in the public interest * Danger of polluting Ardingly reservoir
