Comm	nent for planning application WSCC/045/20
Application number	WSCC/045/20
Name	L H Jones
Address	ALBION STREET, 20, ALBION STREET, BRIGHTON, BN2 9NE
Type of Comment	Objection
Comments	This activity is not suitable to take place an AONB. I am deeply concerned about the rIsks of groundwater contamination and pollution to the nearby reservoir. I am also concerned about impact of flaring on air quality and health, and about the impact of HGV traffic in the area - not to mention the catastrophic impacts of Climate Change to which these activities will contribute.
