Comment for planning application WSCC/045/20	
Application number	WSCC/045/20
Name	Michael Croker
Address	HIGH BEECH, MAUDLYN PARK, MAUDLYN PARK, STEYNING, BN44 3PS
Type of Comment	Objection
Comments	I believe that there is a significant risk from gas flaring on air quality and health. Additionally there is an unacceptable pollution risk to the nearby reservoir, not to mention groundwater contamination. Finally, the climate emergency requires us to 'leave it in the ground'!
