Comment for planning application WSCC/045/20

Application number	WSCC/045/20
Name	Rosie Nicchitta
Address	WINGLE TYE ROAD, 17, WINGLE TYE ROAD, BURGESS HILL, RH15 9HR
Type of Comment	Objection
Comments	The risk to local countryside, ecology, and villages is far too high for this to be conceivable. At a time when we must invest in renewable energies, pursuing fracking in an unspoiled area such as this is not only destructive, but regressive. This must not be allowed to happen. Protect our countryside, our wildlife and our climate.
