Comm	nent for planning application WSCC/045/20
Application number	WSCC/045/20
Name	Graham Pearce
Address	2 Tinchurch Drive Burgess Hill West Sussex
Type of Comment	Objection
Comments	Quite apart from the disruption to local people, the contemplation of additional oil and gas reserves when we cannot even use present reserves without damaging our planet beyond repair seems ridiculous. It is about time that local decisions also took national and international factors into account.
