Comment for planning application WSCC/045/20

Application number Name	WSCC/045/20 Robert Hunter
Address	NEWLANDS, 18, NEWLANDS, HAYWARDS HEATH, RH17 6HX
Type of Comment	Objection
Comments	Comments on the application WSCC/045/20. Industrializing the local rural and for the benefit of corporate conglomerate who has no interest in preserving the local community, is not in the public interest. Transitory petrochemical jobs are not relevant for a rural local working community. Heavy goods vehicle through either Cuckfield or Balcombe village roads are not compatible with public safety. Air pollution from flu gas burning, and noise population, and ground drilling vibrations will affect the sleep of local residents who live less than 1 mile from the site (this is not the US gas fields) are not compatible to local health and well-being. Night light, air, water course and noise population will affect wildlife: deer, badgers, foxes, red kites and bats of various species are not compatible with our balanced ecology. This application is wholly rejected by the local community who live here.
