Comment for planning application WSCC/045/20	
Application number	WSCC/045/20
Name	Jessica O'Connor
Address	NORTHLANDS, BROOK STREET, BROOK STREET, HAYWARDS HEATH, RH17 5JJ
Type of Comment	Objection
Comments	I object to the current proposals because they are not suitable in a protected area such as Balcombe which is within an AONB and which is so close to the village itself, with a busy village school. The increase in heavy traffic, especially HGVs, driving past the school as well as the impact of flaring so close to the houses will have a detrimental effect on air quality, and thereby on the health and safety of the villagers - and especially the school children. In addition to the possible dangers in air quality which will affect the village specifically, the plans do not take into consideration the risk of contamination of the many streams near the site - groundwater pollution is a high risk and could lead to pollution of the nearby reservoir, which will have a wider negative effect.
