Comment for planning application WSCC/045/20

Application number Name	WSCC/045/20 Helen Argent
Address	10 WINDERMERE COURT, EAST DRIVE, EAST DRIVE, BRIGHTON, BN2 0BU
Type of Comment	Objection
Comments	The process of extraction has long-lasting negative impacts on the surrounding environment: Air pollution and water contamination due to the toxic chemicals used in hydraulic fracturing RIsk of pollution to nearby reservoir. Impact of flaring on air quality and health. Increased HGVs going past the school. Risk of groundwater contamination because of wastewater disposal Water is at a premium these days so we need to treat it as a precious commodity and not use large amounts in fracking as would be necessary for this to happen Balcombe is a beautiful area for nature- so this is not suitable for an Area of Natural Beauty (AONB)
