## Comment for planning application WSCC/045/20

Application number Name	WSCC/045/20 Martyn Waller
Address	BREAKLANDS, LONDON ROAD, LONDON ROAD, HAYWARDS HEATH, RH17 6HT
Type of Comment	Objection
Comments	We live along London Road Road Balcombe and object to this proposal on the following grounds. Firstly increased traffic, particularly HGVs. There are already problems along London Road, a route that will be used to access the site. Cars parked along the pavement/side of the road often reduce traffic flow to one lane. This is particularly the case during the morning and afternoon Schools run's when the pavement can be unusable for pedestrians. Secondly the risk to groundwater quality. An independent report suggests that knowledge of the geology is insufficient to enable the applicant to mitigate against the risk. Thirdly the use of a flare. Flaring was undertaken during previous operations at the Lower Stumble site and we are concerned about the accompanying pollution. Martyn and Hilary Waller
