Comment for planning application WSCC/045/20	
Application number	WSCC/045/20
Name	Carolyn Robertson
Address	BEECHCROFT, STOCKCROFT ROAD, STOCKCROFT ROAD, HAYWARDS HEATH, RH17 6LQ
Type of Comment	Objection
Comments	We should not be exploring for more hydrocarbons but finding alternative, sustainable and renewable energy sources. The impact of burning hydrocarbons on global warming is the overriding reason to reject this application and to encourage and support other energy sources that do not damage the planet.
