**Subject:** Objection to application WSCC/045/20  
**Date:** 26 September 2020 15:01:15

---

Dear Sir,  
I would be pleased if you would register my objection to the above application made by Angus Energy.  
The reasons being,  
Increase in HGV traffic, flaring, risk to water and geology, and seismic risk.  
If the application is permitted the impact of these will not be fleeting.  
Yours Sincerely  
Brian Curry  
Balcombe Resident
