Subject: RE: THISTLEWORTH FARM -LAND-RAISING – WSCC/048/20 - Additional Info to Trees and PROW 03 02 21

James

All the attachments are mainly concerned with the PROW / 'staircase' / kissing gate, although I note a reference to supplementary / 'reinforcing' planting alongside the existing highway planting to the west on dwg 20-08-05.

I have no other comments to make.

Thanks
Julie

Many of our trees are under threat from the spread of pests and diseases. Human activity is a key factor. Biosecurity measures minimise the amount of soil, water and plant material we carry between sites.
