Comment for planning application WSCC/052/20	
Application number	WSCC/052/20
Name	D.A.Bourner
Address	Cherry Cottage, Eastergate Lane, Walberton, Arundel
Type of Comment	Objection
Comments	The first phase of proposed new A29 route should not be started until there is a 100 Percent guarantee of funding for the second phase. In the current economic state of the country, any funding could be put to much better use. The only obvious benefit is avoiding the Woodgate Level crossing hence moving delays to the proposed Fontwell Avenue junction & B2233 Barnham Road.
