Comment for planning application WSCC/052/20	
Application number	WSCC/052/20
Name	John Searancke
Address	CHANTRY MEAD, 6, CHANTRY MEAD, BOGNOR REGIS, PO22 0DE
Type of Comment	Objection
Comments	We object to the above planning application on the grounds that (a) it is green field farmland (b) we will suffer from diminished outlook & privacy (c) the proposed new road & housing will inevitably create

We object to the above planning application on the grounds that (a) it is green field farmland (b) we will suffer from diminished outlook & privacy (c) the proposed new road & housing will inevitably create dust, odour, & fumes (d) there will be severe impact on trees & hedgerows which will have to be destroyed (e) the layout of the new road is ridiculously close to most properties in Chantry Mead & Murrell Gardens (f) the appearance of the proposed rusty metal acoustic fence is completely out of keeping with this rural setting (g) the road will inevitably generate more traffic & cause highway safety problems relating to the new housing (h) the development will create a huge impact on the existing natural environment, which includes deer, badgers, bats, foxes & all sorts of other wildlife (i) we will be severely impacted by noise & disturbance, not only when the roadway is built, but when it is then in use (j) the effect on the local landscape will totally change forever the character of the area. We have been at pains to discover any single person in the local area that wants this development & have been quite unable to do so.
