---

I wish to make comments on the above planning application. I live at 11 Murrell Gardens Barnham and together with number 10; we are the nearest houses to the new road. The area to be used for the road is not suitable. The purchase of the Halo car repair site, to the west of us, would enable the road to be moved considerably further west. This would reduce 1/traffic noise-including queing traffic to the roundabout on the Barnham Road 2/light and car fumes pollution. It would enable us to retain the views I have of the South Downs, to the North. A Tree Preservation Order has been placed on some of the trees to the west of us across the field, which is good, but we will lose wildlife, such as Foxes, Bats, rabbits and many birds. I hope that you will look seriously at the views of residents and not steamroller this through. (Mr) Kim Miller [REDACTED]
