Comn	nent for planning application wSCC/US2/20
Application number	WSCC/052/20
Name	John M Upton
Address	ELM GROVE, 1, ELM GROVE, BOGNOR REGIS, PO22 0HE
Type of Comment	Objection
Comments	This is a complete and utter waste of money at a time when the national economy is basically flushed down the proverbial toilet. A road that doesn't actually go anywhere, will lead to increased traffic issues on an already badly congested section.of Road between the south end roundabout and the Eastergate Stone Lion. The uselessness of this road is further exacerbated by the very likely probability that the the southern Phase II part of the project will, given the current economic climate probably not be built for years if at all. This bypass must not be built for so many reasons, only a few of which I gave mentioned here. Scrap this and use the money on far more urgent public projects.

. . .
