Comments	I whole heartedly support this planning application. The Architect's plans are well thought out to maximise the limited space and clearly will make a huge difference to all pupils attending the college, improving accessibility & installing key facilities to meet the curriculum. It was encouraging to see that the Architect's design minimises the impact on the surrounding residential areas. This in my opinion is long over due and will finally rectify the terrible way WSCC have let these children and their families down for over a decade. I look forward to seeing this excellent planning application approved.
