| Comments                                     | These facilities have been needed for many years now. I taught at Court Meadow School for 16 years and at Woodlands Meed for one year before family commitments necessitated moving away. However I have kept in touch with staff and families with children with special needs. This new building resource will make a huge difference to many. I fully support this new building application. |
