comment for planning application wscc/055/20	
Application number	WSCC/055/20
Name	Imogen Wade
Address	CHERRY TREE HOUSE, BIRCHWOOD GROVE ROAD, BIRCHWOOD GROVE ROAD, BURGESS HILL, RH15 ODL
Type of Comment	Support
Comments	I would like to strongly support this application because I think a SEN college needs a purpose-built building that is fit for purpose and this site in the south-east of Burgess Hill is a good location for it (quiet and convenient access to the train station and town centre). I am an owner-resident of a neighbouring house. I just have one comment about the planned number of cycle spaces (12) - I feel this is far too few both as an absolute number and in proportion to the proposed number of car spaces (57). This is especially true in the context of the school travel plan that was submitted for this consultation, which includes the following objective: 'Target 3 - Increase walking, cycling, and use of public transport among staff.'
