

Comment for planning application WSCC/011/21

Application number	<input type="text" value="WSCC/011/21"/>
Name	<input type="text" value="Diana Elizabeth Ambrose"/>
Address	<input type="text" value="2 Drovers Way Barnham Bognor Regis"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="As I understand that there are also plans for a school and housing on this site it seems irrational to put such a facility alongside residential properties. Problems: volume of traffic on and off the site and how this is controlled particularly in relation to local roads, schools, etc.; air pollution from smells again close to residential properties and a proposed school. The roads in the area are lanes and unsuitable for a large volume of vehicles visiting the site and the junctions onto the 'A' roads are in dangerous locations and would require extensive road works to make them suitable for such access."/>
