## Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Yvonne Coleman
Address	CASTLEREAGH GREEN, 5, CASTLEREAGH GREEN, BOGNOR REGIS, PO22 8HU
Type of Comment	Objection
Comments	I object for the following reasons: The increase in heavy vehicle traffic this would cause. The local roads are narrow and pre COVID traffic queues were common. The pollution risk. I note the application itself contains documents stating permitted air pollution levels would be exceeded on numerous occasions! The development is totally out of keeping with this rural & coastal area and does not bring ANY benefits to the area . Any future development on the Ford brownfield sites should comprise housing & employment together with improvements to the local road infrastructure.
