Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Brigitte jones
Address	PALMER ROAD, 154, PALMER ROAD, LITTLEHAMPTON, BN16 4LW
Type of Comment	Support
Comments	This now needs too be passed an excellent job has been done on the new plans taking into account people's concerns its needed otherwise we are going too run into huge problems I already find it most bizzare we would wish too put out more plastic in the community for perceived food waste that is laughable given many rely on food banks in fact who is even wasting food we fall behind the wider world if we turn this down again on the basis off lack off knowledge by those who maybe do not have full understanding off upshot if it's turned down again we only have too look elsewhere in the world too see speaks for its self in my humble opinion too sustain plastic boxes in the community will only bring further problems we need a proper sustainable method like this it does concern me already delaying anymore and if we should turn down I do hope then somebody will be responsible for the further problems refusal will mean we need too join with the wider thinking and put in place this will be an excellent facility
