Comn	nent for planning application WSCC/011/21
Application number	WSCC/011/21
Name	Sally Williams
Address	LOVEYS ROAD, 91, LOVEYS ROAD, ARUNDEL, BN18 0HQ
Type of Comment	Objection
Comments	I object to this application. This type of structure and what it will be used for, with many types of fumes which will come out of the chimney is not acceptable with people living in the surrounding area. Many people suffer from different types of illnesses, the toxic fumes from the chimney could make them worse. Someone in my house suffers with asthma. Hundreds more houses and a school have been proposed. E.g.1,500 houses proposed to be built on Ford airfield plus a school. 550 houses on the SD7 site (Bilsham Road/Drove Lane). And that is only mentioning the larger sites being built. There are other sites in Yapton and Clymping. The amount of extra lorries on our small roads would be far too dangerous, even more so in the summer months when the summer visitors arrive. The height of the proposed Tower would ruin our beautiful South Coast landscape. Which would also include the view from the South Downs to the coast. This should not be built so close to residential areas.
