Comments	I am 8 years old and live right next to where you want to put this incinerator. I think it is a really bad idea as it will pollute the air that my brother, my sister and I breathe. It will mean that the road outside our house is noisier and more dangerous for us to walk and to cycle and we like to keep fit. We will be able to see the tower for miles around, when we go to the beach, when we go walking on the Downs, when we cycle and when we are in our back garden. I really hope you don't build it as it will effect my life and those of all the children in my village and all the area around. Please don't let it be built!
