Comm	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Dominic AKers-Douglas
Address	SHOPWYKE MANOR FARM, COACH ROAD, COACH ROAD, CHICHESTER, PO20 2BG
Type of Comment	Objection
Comments	This huge structure will be visible and have a negative impact on the settings of the national park, AONB, Heritage assets and conservation areas. Incinerating waste is not a green form of electricity generation and is a retrospective step in the green revolution. The development would make it almost impossible economically for developers to deliver the vast contribution of housing in Ford, which is part of the housing supply and also supported by a neighbourhood plan.
