Comments	The height of the proposed towers would significantly impact the landscape of not only the areas of Yapton and Ford but also the wider area of the South Downs. In addition it is not aligned with the plans of ADC to build a significant amount of new houses and a new school in the neighbouring fields. Yapton has had a lot of newly built housing already with several plans for new sites and introducing greater levels of HGV traffic and reducing the quality of the air will not be compatible with this. If Yapton has to relinquish its semi-rural status on behalf of wider Arun quotas then it needs to either be an area for residential development or industrial. Not both.
