Comments	How can a village go to 500+ homes and this within a space of 5 years? The roads won't beable to handle the traffic let alone all this commercial traffic too. It'll ruin the view for hundreds around. It's shocking that the county are considering this after already populating yapton. Let alone plummet house prices for people around the area. I'm sure if you asked everyone around the village everyone would say no! Definitely wouldn't be environmentally friendly either? Also mentioned it to people and they think it's ridiculous, the only people that will want this is the ones that will benefit there pocket and live miles and miles away.
