Comments	<input type="text" value="I feel that I must lodge my objection to this ludicrous application. Whilst I realise that waste has to be disposed of and a suitable site must be found, this is just not it. The structure and sheer size is a formidable proposal, especially when planning is also being proposed for a new housing development directly next to the site. The infrastructure is way to inadequate to be able to cope with the increased traffic. And finally the damage to wildlife and risk to peoples health is beyond comprehension. I STRONGLY OBJECT !!!"/>
