

# Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	RJ Dalton-Holmes
Address	2A, ORCHARD PLACE, ORCHARD PLACE, ARUNDEL, BN18 9BP
Type of Comment	Objection
Comments	<p>I object to the inevitable increase of large lorries in the general Surrounding area and the dust that will inevitably be blown to all areas and particularly to the south west. Inevitably it will produce a lot of dust and unpleasant smells and both will cause long term effects to the local populations health.Arundel has had to put up with high levels of vehicle fumes for years,and just as the benefits of the new bypass will reduce this we are now to be effected by pollution of the waste disposal in the foreseeable future if it goes ahead.Thank you for this opportunity to voice are concerns</p>
