Type of Comment	Objection
Comments	I completely object to the plan for this horrendous building. Not only will it be detrimental to the health of men, women and children in the area by pumping the after effects of the incinerator into the air, there will be more traffic, trucks, on our roads, which are already congested, (more air pollution and noise pollution) making it dangerous for cyclists and pedestrians. Also the aesthetics of the building in our beautiful countryside, bordering the South Downs National Park, is so inappropriate. The views from Arundel and the Park looking towards the sea will be completely spoilt not only by the large ugly building but also the stream of smoke rising from the chimneys. This plan for an incinerator needs to be halted completely.
