We object to this facility as it is not suitable for this area for the following reasons: The number of residential developments in this area, impacting peoples physical and mental health; the amount of traffic and heavy duty vehicles causing congestion and pollution on unsuitable roads resulting in highway safety to the residents; the effect on wildlife, trees and hedgerows; the impact on the wildlife in the area; the risk of inhaling/consuming chemicals of potential concern; there should be NO risk; the fact there is a school with young children growing and the likelihood of another secondary school in the future; the disruption to the entire area from dust/noise/odour/fumes/pollution. This will impact the landscape of the area, the visual of the building is too high and unsightly! Please do not allow this monstrosity to ruin this area and peoples wellbeing.
