Comment for planning application WSCC/011/21

Application number Name	WSCC/011/21 Patricia Robinson

Type of Comment	Objection
	It is a shame that this game is continuing. As before my objections are the pollution that would be caused, especially as old technology would be used; the amount of HGVs that would clog up the approach roads, some of which are B class and totally inappropriate for such traffic; the eyesore that the building would cause for miles around; the lack of any concern for the wellbeing and health of residents and their families; the fact that the council has a duty of care for residents and should not allow our environment to be degraded and spoilt by such a monstrosity; noise pollution; an incinerator is to be built near Horsham, another one is not needed
