Name	James Green
Address	FARNHURST ROAD, 97, FARNHURST ROAD, BOGNOR REGIS, PO22 0JW
Type of Comment	Objection
Comments	I object to the proposed development, based on the negative Aesthetic impact created by the commercial building with such a dominating presence due to the size in relation to the surrounding average roof height. I also object due to the air and noise pollution aspect , and additional vehicular movements on the surrounding roads. The development flood gates seem to have opened in the area, and will have a huge impact on the character and appearance of the area for ever. I can see the rural ideals of this area rapidly disappearing, and being replaced by poorly designed eyesores. I know that Ford has an industrial presence, however this would not be absorbed into the existing catchment of industrial buildings due to its size. I understand a need for future waste to be dealt with, but it needs to be greener.
