Comn	ient for planning application wscc/011/21
Application number	WSCC/011/21
Name	Mrs Gilbank
Address	NELSON ROW, 26, NELSON ROW, ARUNDEL, BN18 0DD
Type of Comment	Objection
Comments	Please accept my objection for this planning proposal on the grounds below; Too much noise, release of toxic, harmful fumes into the area. Oversized chimney towers not in keeping of the area surroundings. Too much traffic, insufficient infrastructure. Oversized lorries are constantly already coming and going all day along Ford road. It impacts on my quality of life already. The noise is unbearable, these lorry are often speeding in a 40 mph zone. They drop loose litter from the vehicles, cause huge amount of back drafts. Cause substantial damage to the roads and drains. This proposal will exasperate these issues hugely. It is wholly inappropriate to subject all the residents living close to the waste site to even more noise, toxic and harmful fumes. I can hear the traffic noise from these lorries constantly, there is no let up even when inside my property with all doors and windows closed. Please no more!
