Comments	The proposed building, in a soon to be, new housing estate makes absolutely no sense! Put it on away from the young children that are living here! We don't want to be breathing in the absolutely disgusting pollution being pumped out of this monstrosity! The impact on the local surroundings would be horrendous! We already have to deal with the new bypass and the thousands of planned houses being built. The lorries and traffic already going to this site is disgraceful! What we really need is a safe path out of the village and more provisions to deal with the new families moving here.
