Comments	This new development will have a detrimental effect on all our lives. The health effects will be irreversible the gases and smells will be toxic. The reason that everybody wants to live on the south coast is it's lovely fresh sea air, the reason lots of people every year come down from London and other areas to the coast is to get away from smog and harmful emissions. I WOULD RATHER PAY THE COUNCIL 10 A YEAR TO NOT HAVE IT BUILT. This will not just effect ford with harmful emmisions but all surrounding towns. Please please please reject this application.
