Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Alan Candish
Address	DORCHESTER GARDENS, 39, DORCHESTER GARDENS, WORTHING, BN11 5AZ
Type of Comment	Objection
Comments	I wish to object to this proposal for the following reasons:- 1) Church Lane is not a suitable access for large HGVs and is already a race track for a majority of those that do use it. 2) The number of large HGVs for this site on top of the number of HGVs already approved for the existing Viridor site will be unacceptable and dangerous to local residents. 3) The proximity of existing and proposed residential homes will suffer from excessive noise and traffic pollution for excessive hours seven days a week. 4) The visual impact of such a building will not be in keeping with the surrounding area and will be detrimental to a wide area over a considerable distance. 5) There is a great danger of the emissions from the plant being harmful to local residents from possible smells, gas and other possible toxic gases. 6) There is no benefit to the local community in any way as waste material is not just local and being brought from far and wide. In all this site is not suitable and the council planners must refuse this awful application.
