Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Ewout Benschop
Address	APPLE TREE WALK, 20, APPLE TREE WALK, LITTLEHAMPTON, BN17 5QN
Type of Comment	Objection
Comments	1. Proximity to existing and proposed residential housing: the facility will be located next to a proposed very large housing development in ford and adjacent to the village of Ford, Climping and Yapton. 2. Visual impact: The buildings and chimneys are enormous and will be visible for miles, including from Arundel, Littlehampton and the South Downs National Park. The facility will dominate the view of the whole area. 3. Traffic impact: the operation will generate 240-400 additional lorry movements per day. Many of the lorries will arrive from counties outside West Sussex 4. Road acces: The immediate and only acces is Church Lane/Ford Road, which is a narrow, single carriageway, unclassified road. The additional traffic will create new safety and environmental hazards. 5. Emissions: the incinerator process will produce noxious and hazardous emissions and now considered one of the dirtiest way of creating energy. The facility is not required to deal with waste produced in West Sussex, so it is unnecessary, on the wrong place, and the wrong type of procesx for dealing with waste!
