Comment for planning application WSCC/011/21

Application number	WSCC/011/21
Name	Anthony Occleshaw
Address	POACHERS, EASTERGATE LANE, EASTERGATE LANE, CHICHESTER, PO20 3SJ
Type of Comment	Objection
Comments	Given the relatively flat nature of the land south of the South Downs, this structure and its emissions would be a severe visual harm to an enormous area. Within this area would be parts of the South Downs National Park but it would also visually impact the rural nature of the many villages too. The impacts on health are also being understated, we have a relatively aged population in the area effected by the emissions making the siting wholly unacceptable.
