Type of Comment	Objection
Comments	1. it is too close to proposed residential housing and to existing residential areas in Clymping, Ford and Yapton 2. visually it will be seen for miles and is too near a The South Downs National Park 3. it will have a huge negative impact on local traffic on country roads never designed for HGVs and in such numbers 4. large numbers of additional HGVs on local roads will create new safety and environmental hazards 5. it will produce noxious and hazardous emissions and is considered one of the dirtiest ways of creating energy 6. there is no proven need for such a plant at this location 7. this technology is already out of date
