Comment for planning application WSCC/011/21	
Application number	WSCC/011/21
Name	Mr Mrs J Parkhurst
Address	CROPTHORNE DRIVE, 26, CROPTHORNE DRIVE, LITTLEHAMPTON, BN17 5GG
Type of Comment	Objection
Comments	We object because of the Proximity to existing and proposed residential housing, the facility will be located next to a very large proposed housing development in Ford and adjacent to the villages of Ford, Climping and Yapton. The visual impact of the buildings and chimneys are enormous and will be visible for miles, including Arundel, Littlehampton and the South Downs National Park. The facility will dominate the view of the whole area. The impact on traffic will horrendous with additional 240-400 lorry movements per day. Many of these lorries will arrive from counties outside West Sussex. The immediate and only access road is Church Lane/Ford Road, which is a very narrow single carriageway, unclassified road. This additional traffic will create new safety and environmental hazards. The incinerators process will produce noxious and hazardous emissions and is now considered one of the

dirties ways of creating energy. This facility is not required to deal with waste produced in West Sussex, so it is unnecessary, in the wrong place and the wrong type of process for dealing with waste.
