Comment for planning application wSCC/011/21	
Application number	WSCC/011/21
Name	Tara Kingshott
Address	TACKLEE ROAD, 51, TACKLEE ROAD, ARUNDEL, BN18 0HB
Type of Comment	Objection
Comments	I object to this application because I myself have asthma as do 2 of my children, my father has cold, I also neices and nephews who have asthma, all live in Yapton. Our roads already have alot of damage due to lorries traveling through it this will get worse with the extra volume of lorries to and from this facility. We are a village and wish to stay that way, we have an huge increase in houses being built around us which will already cause more traffic on the roads, increasing the risk of accidents without adding huge lorries to that also, plus extra pollution from these lorries as well. Other countries have banned these facilities due to the pollution so why are is it even being considered especially so close to schools, beaches, parks, ford market, all places where lots of people will be inhaling the fumes, also what affect will it have on the wildlife in this area? We have lots of birds, foxes even deer in the local area, and household pets too. A very disappointed villager Miss Tara kingshott
